

Dr. V.P. Sharma

Dr. V.P. Sharma, Associate Professor in Petroleum Engineering in the Department of Petroleum Engineering at Indian School of Mines, Dhanbad, joined Petroleum Engineering Department as Project Officer in February 1982. Earlier, he worked with UNDP experts who were working with U.P. Govt. under the UP Mineral Survey Scheme as geochemist for three years. He has more than twenty seven years of teaching and R&D experiences. More than twenty nine published research papers in international and national journals of repute are to his credit. He has also presented papers at different national and international conferences. In January 1994, he presented a paper at the Second International Conference on Health, Safety and Environment in Oil & Gas Exploration and Production at Jakarta, Indonesia, organized by SPE. He has carried out research projects of UGC, CSIR and had produced M.Tech (PE) by research and Ph.D. students in Petroleum Engineering. He is reviewing research papers of the CSIR journals and ONGC bulletin. He is a life member of Indian Society for Technical Education, Indian Society for Surface Science & Technology, The Mining, Geological & Metallurgical Institute of India (MMGI) and associate member of The Institution of Engineers (India). In 1989 he was awarded **Certificate of Merit** by Institution of Engineers India on a research paper. **ASIA FOUNDATION** under the US-Asia Environment Partnership Programme selected him as an Environmental Fellow 1994. During this programme he studied the environment and remediation of oilfields in USA. His Field of specialization is Drilling Fluids & Cements and Environmental Management in Petroleum Operations.
